

### **Get Involved**

Concerned about your investment; want to know how the levies are calculated; want to be active in protecting your interests and those of other owners?

### **Get Involved**

You already work full time, have family and other commitments and don't think you can make the commitment that is required? You live interstate and can't attend meetings?

### **Get Involved**

You don't need to live in the property; you don't need to live in the same state; we understand that you have other commitments; all we need is interested owners who care about their investment to help run the complex. The phone, internet and email resources make it easy for us to keep in touch – we'll just let you know what needs to be done and when it needs to be done.

If you are interested in getting involved with the body corporate, nominate yourself for a position on the committee. This way, you can have an active voice in making decisions for the benefit of all owners.

You don't know anything about being on a committee and wouldn't know what to do? Most committee members have never been on a committee before either, we will guide you along the way. Club Body Corporate looks after just about everything for you, we just need the committee to help run the complex and be involved.

### **Get Involved – it's not that hard.**
